NEW CROP FREESIAS, SPECIAL LOW PRICE OFFER

Dear Sir:

Mr. T. A. Casad, largest Freesia grower in California, who grows for us exclusively, has written us that he will have several million Freesias to dispose of and asked us to assist him to renew the popularity of the Freesia flower. He has agreed to reduce the price to enable you to plant a quantity.

Mr. T. A. Casad was the first to grow Golden Daffodil, the famous and most popular yellow. His reselection of planting stock develops the best strain, producing the longest stems and earliest to bloom. Mr. Casad plants on new soil with overhead irrigation; harvesting late allowing the bulbs to mature well, curing scientifically, and guarantees never to cut flowers, giving you the bulbs with the fullest strength.

We are listing other varieties at equally low prices, including the famous early bloomer, large flowering type, "White Chief".

We recommend ordering immediately. These prices are subject to change without notice. Don't order late and be disappointed by having to pay twice as much later. Use postal card enclosed for ordering.
